

The Carlton Junior Academy

In 2019-20, the school received two instalments of sport funding. One instalment of £7,508 (April – August 2019) and the second instalment of £10,512 (September 2019 - March 2020). In total, the school received £18,020 to consolidate and improve the quality and breadth of its PE and sporting provision, including participation in PE and sport so that, ultimately, all pupils are physically active for sustained periods of time, are well informed about health and fitness and go on to lead healthy, active lives.

As a result of the coronavirus (COVID-19) outbreak, the Department for Education has relaxed ring-fencing arrangements for the PE and sport premium in the 2019 to 2020 academic year to allow any unspent grant to be carried forward into the next academic year (2020-2021). Any under-spends carried forward will need to be spent in full by 31 March 2021.

We spent the sports funding on:

- Continuing to engage the least active and most vulnerable pupils through Energy Club. (£1328)
- Personalised PE CPD for staff; an emphasis on upskilling staff to enhance everyday classroom practice. £200
- Continuing to fund transport to improve our pupils' access to inter-school competition. (£667)
- Updating and replacing essential PE equipment. (£1334)
- Continuing the licence to access the PE assessment section on EAZMAG and to provide accurate assessment of a child's attainment in Primary sport. (£750)
- Entering tournaments. (£50)
- Utilising the Sports Coach to coach our elite athletes to enable them to achieve success in inter-school competitions. (£1467)
- Employing a TA with a PE specialism to deliver after school sports clubs. (£1425)
- Educational visits to provide an opportunity to see sport in a professional setting for the purpose of widening horizons and creating a link with a local professional football club.
- Additional swimming sessions for Year 5/6 children (separate to the standard National Curriculum requirements). (£1334)
- Engaging in several schemes run by Notts County FC Football in the Community: Premier League Primary Stars, Premier League Primary Reading Stars and Sport Move and Learn Project and the Primary Goals Programme. (£1667)
- Hiring a sports coach to deliver INSET to teachers and TAs. (£333)
- Employing a yoga specialist to deliver CPD for staff. (£233)
- Purchasing large gazebos to enable children to participate in sport on hot and sunny days whilst being provided with adequate shade. Also used to accommodate parents and carers for sports events. (£500)
- Repair work to trim trail to ensure children remain as active as possible at break and lunchtimes without risk of injury. (£850)

- Continuing table tennis club to engage the whole school (particularly children that don't engage as readily with more traditional sporting opportunities):
 - Recovering of bats x16 (£224)
 - Balls (£30)
 - Weekly coaching sessions x2 (£1250) (September 19 – February 20)

Due to the outbreak of coronavirus (COVID-19) and the lockdown imposed on schools in 2020, we were unable to spend our PE premium funding on the following areas that we had planned to at the beginning of the year. We were unable to do so because of various reasons (detailed with the specific examples):

- Further personalised PE CPD for staff; this was unable to happen due to planned staff meeting time not happening in the Spring and Summer terms.
- Additional swimming sessions for Year 5/6 children (separate to the standard National Curriculum requirements); we were unable to complete our swimming provision and therefore unable to offer our additional swimming sessions.
- Hiring a sports coach to deliver INSET to teachers and TAs; this was unable to happen due to planned staff meeting time not happening in the Spring and Summer terms;
- Employing a yoga specialist to deliver yoga sessions to year 6 pupils; this was unable to happen due to the cancellation SATs (the period when we would usually employ the Yoga specialist).
- Purchasing trophies to reward excellence in school sport. Recognition of excellence in Sports Day and other sports events in school throughout the year; this was unable to happen due to events that required trophies in the Spring and Summer terms not going ahead.
- The creation of a themed Olympic day to celebrate and promote the 2020 Olympics in Tokyo. Money will be used to provide resources for the day and enable the whole school to access the day; this was unable to happen due to the event not being possible to organise in the Spring and Summer terms.
- To create and maintain a 'Trust Games' scheme between the three Trust Schools; this was unable to happen due to the event not being possible to organise in the Spring and Summer terms.

The impact of the funding spent was that:

- Energy club engaged the least active and most vulnerable children and ran on a weekly basis. Pupil voice shows children enjoy energy club and see it as a good way to exercise. Children have visibly become fitter since taking part in energy club and some have increased confidence as a result of this.
- Staff received high quality CPD from a sports coach and are becoming more knowledgeable about what constitutes good progress in PE lessons and what success looks like in school sport.
- The school competed in several inter-school competitions due to being able to fund transport to the different events. Competitions/matches included: Netball, handball, boccia, cross-country, tag-rugby, cricket and

football. However, some of these competitions didn't happen in 2019-2021 because of COVID-19 and its impact.

- Updating essential PE equipment has led to a better quality of PE provision and has enabled children to continue to develop their skills in PE.
- Updating essential PE equipment has also enabled teachers to teach various areas of the curriculum accurately and effectively with the correct equipment needed to demonstrate how different sports are played and how different sporting activities are undertaken.
- Access to EAZMAG assessment tool enables teachers to make accurate judgements about children's performance in PE and runs parallel to similar assessments in other curriculum subjects so that the teaching staff are familiar with the tool.
- Money for entering tournaments has ensured children can participate in events on a wider scale and enjoy the prestige of representing the school throughout the Gedling Borough.
- The elite sport coaching, and success of sports teams, has led to higher finishes in inter-sport competitions. Children are given high quality coaching before competitions and understand the rules prior to taking part in the competitions.
- The elite sport coaching, and success of various sports teams, has led to more children wanting to achieve excellence in PE lessons in order to qualify for elite coaching sessions and teams themselves.
- Employing a TA with a PE specialism to deliver after school sports clubs has led to increased participation in school clubs as the school is able to offer a greater variety of sports clubs for children to access. Children have at least three after school clubs a week to choose from and several children take part in more than one club.
- Engaging in the schemes provided by Notts County FC enabled us to continue to build our relationship with a professional sports club and also gave all children in Years 4 and 5 the opportunity to take part in further physical activity in the week and also analyse their diets and other aspects of personal fitness.
- Teachers now more confident in what outstanding teaching and learning looks like in PE and have been able to feedback elements to other staff.
- PE leader observed RQTs in several observations and supported in the delivery of PE to a good level.
- The yoga specialist also provided staff with CPD which enabled them to conduct yoga sessions with their own classes and therefore promote a sense of health and wellbeing across the school as a whole.
- Table Tennis Club has engaged target children who don't engage as readily with more traditional sporting opportunities. As a result of the club, the school has been able to attend regular table tennis league meetings and developed our relationship with Carlton Le Willows academy in tandem.
- Table Tennis Club ran twice a week, each session running at capacity. The children were engaged and enthused by a new sport.

The Carlton Junior Academy

As a result of the coronavirus (COVID-19) outbreak, the Department for Education has relaxed ring-fencing arrangements for the PE and sport premium in the 2019 to 2020 academic year to allow any unspent grant to be carried forward into the next academic year (2020-2021). Any under-spends carried forward will need to be spent in full by 31 March 2021.

In 2020-21, the school received two instalments of sport funding. One instalment of £7,558 (April – August 2019) and the second instalment of £10,582 (September 2019 - March 2020). In total, the school received £18,140 to consolidate and improve the quality and breadth of its PE and sporting provision, including participation in PE and sport so that, ultimately, all pupils are physically active for sustained periods of time, are well informed about health and fitness and go on to lead healthy, active lives.

The following intentions of spending are taking into account the money carried over from 2019-2020 which has provided the school with more funding than usual.

We intend to spend this funding on (estimated costs):

- Continuing to engage the least active and most vulnerable pupils through Energy Club. (£1328)
- Personalised PE CPD for staff; an emphasis on upskilling staff to enhance everyday classroom practice. (£300)
- Continuing to fund transport to improve our pupils' access to inter-school competition. (£1000)
- Updating and replacing essential PE equipment. (£2000)
- Continuing the licence to access the PE assessment section on EAZMAG and to provide accurate assessment of a child's attainment in Primary sport. (£750)
- Entering tournaments. (£75)
- Utilising the Sports Coach to coach our elite athletes to enable them to achieve success in inter-school competitions. (£2200)
- Employing a TA with a PE specialism to deliver after school sports clubs. (£1425)
- Additional swimming sessions for Year 5/6 children (separate to the standard National Curriculum requirements). (£2000)
- Engaging in several schemes run by Notts County FC Football in the Community: Premier League Primary Stars, Premier League Primary Reading Stars and Sport Move and Learn Project and the Primary Goals Programme. (£2500)
- Hiring a sports coach to deliver INSET to teachers and TAs. (£500)
- Employing a yoga specialist to deliver yoga sessions to year 6 pupils. (£350)
- Employing a dance coach to enable children to participate and perform in the Evolution Dance Festival. (£200)
- Continuing a table tennis club to engage the whole school (particularly children that don't engage as readily with more traditional sporting opportunities):
 - Bats Recovered x16 ()

- Balls (£30)
- Weekly coaching sessions x2 (£1250)
- Purchasing trophies to reward excellence in school sport. Recognition of excellence in Sports Day and other sports events in school throughout the year. (£100)
- The creation of a themed Olympic day to celebrate and promote the (postponed) 2020 Olympics in Tokyo. Money will be used to provide resources for the day and enable the whole school to access the day. (£500)
- To create and maintain a 'Trust Games' scheme between the three Trust Schools. (£1000)
- Outdoor gym equipment to encourage children to pursue personal health and fitness and also to be used in PE lessons. (£7928)
